

Connecting the CI Community of Australasia through CTPM's Company Membership Program

CTPM has been assisting Australian and New Zealand companies on their TPM & Lean / Continuous Improvement journeys for over 20 years and have built up a significant CI knowledge base and network.

CTPM has been providing regular E-News articles, E-Tech articles and free 30 min webinars focused on current industry activities and developments for many years. To further benefit those companies progressing their journeys to Operational Excellence we have created the CTPM Company Membership program.

The aim of the membership program is to facilitate TPM & Lean / CI learning between companies as well as provide the latest information on TPM & Lean / CI in convenient formats to minimise disruption to normal work commitments.

The membership program is open to any site or department wishing to further their learning about TPM & Lean / CI through interaction with like minded people for mutual benefit.

NEW & FRESH APPROACH

Flexible Networking and Learning
