

## Connecting the Operational Excellence Community through CTPM's Company Membership Program

CTPM has been assisting Australian and New Zealand companies on their Improvement journeys to Operational Excellence for over 20 years and have built up a significant knowledge base and network.

CTPM has been providing regular E-News articles, E-Tech articles and free 30 min webinars focused on current industry activities and developments for many years. To further benefit those companies progressing their journeys to Operational Excellence we have created the **CTPM Company Membership** program.

The aim of the program is to facilitate Operational Excellence learning between companies as well as provide the latest on Australasian TPM & Lean in convenient formats to minimise disruption to normal work commitments.

The membership program is open to any site or department wishing to further their learning about Operational Excellence through Australasian TPM & Lean with interaction of like minded people for mutual benefit.
