

Development of CTPM's Support Material for Operational Excellence

CTPM support material has been developed based on The 3 Critical Parts of a Business Improvement Strategy for Operational Excellence, grouping the Pro-active Improvement support material using CTPM's Activities & Focus Framework for Australasian TPM & Lean incorporating 10 Improvement Activities.

The material is focused on providing prescriptive (step by step) support for your improvement Leaders and their Team Members.

All support materials are supplied in hard copy format, however if soft copy format is required please call CTPM Head Office to discuss your needs and arrange appropriate pricing.

Special Manuals or Workbooks

In some situations you may wish to create a team for a specific purpose that may not be covered by the material listed here. If this is the situation please do not hesitate to contact CTPM and we can assist you to create a team mandate then adjust or create a suitable manual or workbook. We have done this on numerous occasions resulting in such manuals as:

- Special Micro FE&PI Steam Loss;
- Special Micro FPI Waste Generation Reduction;
- Special Micro FPI Energy Reduction; and
- Special Micro FPI Effluent Waste Reduction.
